

Anytime, Anywhere Access to Cloud-Based Learning with

Frequently Asked Questions

The SAP® Learning Hub site provides **instant online access to a vast knowledge base** of SAP expertise. Without the need for scheduling or traveling to training sessions, learners can quickly obtain up-to-date training materials designed for their own specific needs, whether their role is a business user or a technical user.

What is SAP Learning Hub?

SAP Learning Hub is the most comprehensive SAP learning program that delivers cloud-based training. At a fixed subscription fee, the site can be purchased for an individual or up to thousands of users.

By using the site, you and your team can prepare for the next project or certification exam with a wide range of high-quality and relevant content, dynamic social learning opportunities, and optional live access to training systems – available anytime and anywhere. A subscription to SAP Learning Hub also qualifies you to purchase additional hands-on practice in an SAP training system with the **SAP Live Access** environment to maximize your learning efficiency.

SAP Education updates training content and schedules new Webinars for this edition frequently.

Why did SAP choose Recruit 121 as the approved reseller?

SAP chose Recruit 121 as the preferred reselling partner due the strength of supplier relationship which has been in place for over 10 years. We also maintain relations with more than **50,000 SAP Consultants** making us the perfect partner to bridge the gap between SAP and the independent SAP contractor market.

Who can access SAP Learning Hub?

Subscriptions can be purchased by contacting your Recruit121 representative. A single subscription to the site can be purchased directly through us as well.

What are the benefits of a subscription to SAP Learning Hub?

Subscribers have **unlimited access** to more than 2,000 training titles, including e-learning courses, course handbooks, and delta training. In addition, you can participate in SAP expert-led learning rooms that cover specific topics and curricula. A subscription to SAP Learning Hub also qualifies you to purchase additional hands-on practice in an SAP training system with the SAP Live Access environment to maximize your learning efficiency.

SAP Learning Hub is a **personalized environment** with **user-relevant data** and training history linked to the subscriber's login information. You can renew your subscription by contacting your Recruit121 representative.

What are learning rooms in SAP Learning Hub?

Learning rooms are **SAP expert-led** spaces that cover a particular topic area or parts of a specific curriculum. You can join other learners completing the same content over a set period of time, typically between 8 to 10 weeks.

In a learning room, learners can do self-study along training objectives and content provided by the instructor. Learners can also interact with each other by using the site's rich **collaboration functionality**. Instructors can post videos, answer questions, and set tasks and assignments.

SAP Education schedules learning rooms on an ongoing basis. In addition, subscribers can suggest new learning topics by using the site's social collaboration tool.

What is the SAP Live Access environment?

SAP Live Access provides **on-demand entry** into training systems from SAP Education for **hands-on learning**. This environment is exclusively available for subscribers of SAP Learning Hub. You can purchase 20, 40, or 60 hours of access to a selection of SAP training and complete exercises described in our course handbooks or for exploration.

What is the difference between the editions of SAP Learning Hub?

You can choose to use SAP Learning Hub in either a **private or public** learning environment. For both of these approaches, the main objective is the same – anytime, anywhere access to up-to-date content, entry into social learning rooms, and the exclusive right to purchase a subscription to SAP Live Access.

In the customer and partner editions of SAP Learning Hub, you will be able to use an SAP branded version of the site. These editions are designed for professionals who implement and run SAP solutions as an end-user, customer or partner.
